YOUR HOMETOWN PHARMACY

CITY DRUG, YOUR HOMETOWN PHARMACY SINCE 1889

Service Highlight
Medicare Consultation

Every November City Drug offers its Medicare patients a one-on-one consultation. This year both Jared Briggs, owner of MyLife Financial and Andrew Cannon, owner of City Drug, will be handling the consultations. The purpose of the consultation is to see which Medicare plan is the best one for you. In many cases, the preferred pharmacy plans are not the best option for the patient. With every patient, based on your medications, Andrew will assess which plans work the best for you. It's important to have these consultations annually as formularies and medications change and the agreement you commit to is only for one year. Andrew will communicate with Jared to ensure you will have the best plan for your medical and financial needs. Medicare Open Enrollment ends December 7. Call City Drug today at 789-4000 to schedule your 30-minute consultation.
